RE: Carolina Fire Control

To Whom it May Concern,

McCrorry Construction is proud to have a longstanding relationship with Carolina Fire Control. We have worked the Sossomans and their team for over 12 years and on at least 20 projects. No matter the size of the job – from remodel work to 200,000 sf + systems - we have found them to be responsive and reliable. Their ability to react quickly to design revisions is noteworthy. Their quality has never been called into question. Their code and industry knowledge is second to none. Changes, when identified, are dealt with fairly. Any issues that arise – during or after the job – are always handled with a sense of urgency. We are proud to present them to any of our Clients as a team member.

Please let us know if we might be of further assistance or if you wish to speak with me directly.

Sincerely,
